AVAILABLE SEPTEMBER 2008

the new official Scout uniform

Coming fall 2008

What's New!

Color change on Numerals, Shirt, Pants, Shoulder Loops, and Hat

Fabrics now have "Moisture Management", a specially engineered, high-performance fabric in which the inner layer draw moisture away from the body to the outer layer where it quickly evaporates. Water Repellency has also been added.

Long Sleeves on the shirt have inside Swiss tabs and outside loops so they will stay neatly in place when rolled up.

Belt has been updated. It's a bit wider and a lot beefier. It also comes in 3 sizes.

Switchback Pants & Canvas Convertibles come in universal sizes with unfinished hems for a custom length fit. Available in 2 great fits: Classic (straight leg) and Relaxed (roomier in seat and thigh). Both have legs that zip off above the knee.

Socks come in various styles and feature arch support and moisture-wicking capabilities.
